COUNTY MUST PAY KRUEGER

Says Judge Hardin, In Opinion Upholding Arbitrators of Old Courthouse Claim

An opinion was received here this week by local attorneys, from Judge C. A. Hardin, in the case of Geo. Carter, as a taxpayer of Lincoln county against Krueger & Son, of Mt. Vernon, who built the new courthouse, in which Judge Hardin holds that Lincoln county must pay to Krueger some \$3,800, with interest for several years, being the amount claimed by Krueger to be due on the contract made with the county for the construction work of the courthouse.

When settlement was being made for the new courthouse, Krueger put in this claim for what he alleged was additional work done to that called for in his original contract with the county. The Fiscal Court denied this and it was agreed to submit the dispute to arbitrators. The county selected Mr. P. M. McRoberts, the contractor, Mr. Krueger, selected a Mr. Rider, of Mt. Vernon, and they chose as the third man a Mr. Looney, of Danville. At the meeting of the arbitrators, the other two gentlemen took positions regarding the points at issue which Mr. McRoberts did not believe fair to the county, so he declined to take part in the proceedings or agree to the findings. The other two then decided that Krueger ought to recover from the county the additional \$3,800 he claimed. By Judge Hardin's opinion, Krueger's additional claim against the county was upheld in every particular with the exception of one claim for \$900 for alleged damages caused by water leaking into the basement of the courthouse while the building was being erected.

County Attorney W. S. Burch stated this morning that the county will most certainly take an appeal to the Court of Appeals. The judgment, if the county is forced finally by the higher court to pay it, will cost the taxpayers something like \$5,000.

Attorneys for Krueger & Son, the contractors, were George D. Florence, of this city and A. B. Bensinger, of Louisville, while representing the county were County Attorney W. S. Burch, Attorneys P. M. McRoberts, Robert Harding and Emmett Puryear.

CHAUTAUQUA COMES TO CLOSE

The final number of the Alkhest Chautauqua was given Tuesday night to a large audience. This ended the 1916 program and the session was brought to a most successful close in every way. The Woman's Club came out handsomely on the venture, netting above all expenses over \$100, which was invested in a piano for the club rooms in the courthouse. The Beasey Sisters concert company, which gave the last entertainment, pleased everyone who heard them. In fact, there was not a bad number on the entire program and heartiest praise and commendation is heard on all sides both of the splendid program given and the splendid manner in which the big affair was conducted from start to finish.

LINCOLN "BOYS" IN THE ARMY

Colored Soldier from Crab Orchard Was Captured at Carrizal—Others Who Will Fight for Flag.

As is usually the case, Lincoln county is always at the forefront of anything big that is on tapis.

The prospective unpleasantness with Mexico is going to give a number of Lincoln county men who are in Uncle Sam's army, an opportunity to distinguish themselves, as so many of Lincoln's sons have done in the historic past.

To a humble colored soldier, whose home was originally at Crab Orchard was given the privilege of being the first from Lincoln under fire. The Lexington Leader says that among the prisoners taken at the battle of Carrizal when the Mexicans ambushed the American cavalry, was Frank M. Owens, who went from Crab Orchard to Lexington, where he worked as porter at the Best Hotel. Inquiry develops that Owens is well known in the East End though he has not resided there for several years.

The Tenth Cavalry is a colored regiment, commanded by white officers, and it has had a stirring history. It greatly distinguished itself in the battle of San Juan Hill in the war against Spain in 1898, and is now the first regiment to get actively into the fighting in Mexico. Its work will be watched with more than usual interest by reason of the fact that in addition to Owens, there are several other Lincoln county colored men enrolled in its ranks. Several Stanford "boys" belong to the Tenth. Will Love, of this city, has two sons wearing Uncle Sam's uniform, their names being Tom and Jesse Love, both well known here. Jordan Hill, porter for E. B. Campbell, local grocer, has a son and namesake, Jordan Hill, Jr., who is making a good record in the service, and "Char" Rout also of this county, is with the Tenth. Harve Stewart, porter for W. H. Higgins, is anxious to hear from his son "Fort" Stewart, who is also in the colored regiment.

Lincoln county is also well represented among the regular white regiments which are on border service, and will see active service against Mexico when the invasion begins. Sergeant John Hubble, of the Signal Corps, with headquarters at Columbus, New Mexico, is one of the best men in the service and from McKinney. Alex Williams, also wears the khaki, and is from old Lincoln. Trueheart P. Bourne, is a Sergeant Major and has been stationed at Laredo, Texas. He will be right in the middle of the scrap when it comes, his old friends "back home" haven't the slightest doubt.

Young Will Mershon, son of Capt. W. H. Mershon, of the L. & N. force here, has been in the Philippines, but will probably be transferred to duty in Mexico. Mose Cooley, of this city, has been in the Philippines for several months, and delights his friends among the I. J. readers every once in a while with a letter.

Two East End boys who want to serve their country went to London last week and enlisted in the militia company there and will be transferred to the mobilization camp at Fort Thomas this week and thence go to the border. They were Atwood Dillon the 21-year-old son of Mr. and Mrs. W. R. Dillon, of the Cedar Creek section, and Jack Edwards, son of George W. Edwards, of this side of Crab Orchard. Both successfully passed the entrance examinations at London. Young Dillon's uncle, James Dillon, is captain of the London company.

The Somerset News says that among the prisoners at the battle of Carrizal was Charlie Marshall a former Somerset negro, who was once porter at the Newtonian Hotel.

LATEST FROM MEXICO.

Intimations have been received by the American Government that Gen. Carranza intends to reaffirm the orders given to Gen. Trevino directing that American troops be attacked if they move in any direction in Mexico except toward the border. Officials expect, however, that the note will be free from hostile language and continue the discussion of the advisability of the withdrawal of the troops from Mexico.

The 23 troopers of the Tenth Cavalry and Lem H. Spillsbury, Mormon scout, were brought to the international bridge at El Paso, at 3:15 o'clock Thursday afternoon. Gen. Bell was waiting and gave a written receipt for their delivery. Three of the troopers declared they were certain that several of the American wounded left on the field of battle at Carrizal subsequently were killed by the Mexicans. They said they had been robbed of money and valuables.

Reports have been received in Mexico City that the American troops are moving toward the border and that four towns, abandoned in their retreat, have been occupied by the de facto troops. A company of the Signal Corps from Lexington will be the first Kentucky unit sent to the border in the belief of National Guard officers stationed at Fort Thomas.

\$9000 DEBT FULLY PAID OFF

Before Dedication of Campbellville New Christian Church Sunday.

The new Christian church building at Campbellville was dedicated last Sunday, an immense crowd of people being present. The church was built at an expense of \$25,000 and it is one of the handsomest in the State. Rev. W. G. Montgomery, who was pastor at Moreland several years is the pastor and led the campaign to raise \$25,000 for the new building, which is a great credit and ornament to the town of Campbellville, being beautiful in design, and very handsomely furnished.

There was a balance of \$9,000 due on the new Christian church building Sunday before the dedication and it was decided to clear off this debt before the preaching of the dedicatory sermon. The members and other persons who were in sympathy with the denomination, in a very short time subscribed \$11,000. The Adair County News says that while Mr. Geo. H. Gowdy abhors notoriety of any kind is well enough for the public to know that he contributed \$7,500 to the building of this edifice, he is not a member of the Christian Church or any other church. His mother was an ardent member of that denomination, and naturally Mr. Gowdy is in sympathy with it.

Mr. Pleasant was 82 years of age, and was a native of this county, and had lived in it practically all of his life.
